

RPP:135F US

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant(s): Molly F. Kulesz-Martin

Art Unit: 1806

Serial No: 08/811,361

Filed: March 4, 1997

Examiner: Geetha P. Bansal

For: p53as PROTEIN AND  
ANTIBODY THEREFOR

I certify that this Amendment is being deposited on 12/19/97  
with the U.S. Postal Service as first class mail addressed to the  
Assistant Commissioner for Patents, Washington, D.C. 20231

  
Michael L. Dunn

Registration No. 25,330

AMENDMENT

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

Responsive to the Official Action of August 19, 1997, please amend as follows

In the Claims

Please amend Claim 11 as follows:

Claim 11 (amended)

C1  
A purified peptide designated p53as peptide which peptide is present in p53as protein of  
a mammal and is identical to the unique carboxyl terminal region of p53as which distinguishes  
p53as protein from p53 protein, said peptide containing a unique epitope which is not present in  
p53.

Remarks

The Examiner has rejected Claim 11 on the ground that there is no support for species of  
p53 (sic p53as) other than those represented by sequence I.D. Nos. 1 and 2.

The Applicant respectfully disagrees.
